FEMA Changes Funeral Assistance Rules

FEMA has changed their pandemic funeral assistance policy to include the families of individuals who died from Covid-19, even if the death certificate doesn't identify Covid-19 as the cause of death.

This new rule applies if the individual died between January 20th, 2020 and May 16th, 2020. The family will need to include a letter from a coroner , medical examiner, or other official that certified the individual's death certificate. The letter must link the death to Covid-19. This change may allow many who applied for the program in the past and were rejected to be able to apply now with the new information.

For more information, or to receive an application, call the Covid-19 Funeral Assistance Helpline at 844-684-6333 from Monday - Friday, 9 am to 9 pm.
